

Physical Education Substitute Credit Verification Form

Date: _____

Student Name: _____

Grade: _____

I am choosing to use my participation in _____ as an option for meeting 0.5 credits of the required 1.5 physical education which is required to graduate. I understand that I still need to earn 26 credits to graduate and the 0.5 credit of physical education I am opting out must be made up in one of the following subject areas: English, math, social studies or science.

Coach's Verification

1. The student participated in either the junior varsity or varsity level sport for an entire season.
2. The student was not out for more than three weeks for injury or illness during the season. If a student is out for more than three weeks for injury or illness during the season the student must complete a health pass packet.
3. The student did not have any violation of the Co-Curricular Code resulting in a suspension from practice for more than 1 week and/or suspension from two or more competitions during the sport season.

I verify the above statements are true for this student.

Guidelines for the option of waiving 0.5 credits of Physical Education

Students may complete an additional one-half credit in English, social studies, mathematics, or science in lieu of one-half credit of physical education when they participate in a District sponsored WIAA sanctioned sport or participate on the high school cheerleading/dance team. A required course or credit may not count for the one-half credit substitution course; the one-half credit substitution course must be in addition to the minimum graduation credit requirement for the English, social studies, mathematics, or science areas. Physical Education 9 and 10 are required courses to which the one-half credit substitution cannot be applied. Participation in the sport itself does not constitute a course and does not qualify for any high school graduation credit.

The following criteria must be met for participation in a sport to be eligible for substituting an English, social studies, mathematics, or science course for one-half credit of physical education:

- 1 The student must participate in a junior varsity-level or varsity-level sport for an entire season during grade 11 or the fall season of grade 12.
- 2 The student must submit to their counselor a verification form confirming regular attendance at practices and participation in competitions no later than two weeks after the conclusion of the season.
- 3 The student must not have been out for more than two weeks for injury or illness during the sport season.
- 4 The student must not have had any violation of the Co-Curricular Code.

Note: The term "week" means 7 calendar days.
