

Westfield School District Professional Development

A comprehensive sustained approach to improving teachers' effectiveness in raising student achievement.

Professional Learning Inquiry

“Great teachers never forget that it is people, not programs that determine the quality of the school.”
Todd Whitaker

How are you planning to implement what you learned in your classroom? Be specific.

- Please remember that if you attend a professional development activity (workshop) you are expected to share information with colleagues when you return. You will present what you learned at faculty meetings or grade level meetings. In most cases that means elementary will share information with CES, OES, and WES. Please make arrangements with Mr. Parman, Mr. Gildenzoph, and Mr. Moody as to when you will share.
 - In some rare cases there may be a topic that is germane to all levels and then arrangements will be made for the staff member to present to all schools in the district.
