

News from Mrs. Kittleson's Third Grade October 12, 2012

Specials Rotation:

Monday and Friday is Day 1. **Remember to bring shoes for Phy. Ed.**

Thursday is Day 4: LMC. **Library books will be collected Wednesday afternoon.**

Addition Masters We have 3 new Addition Masters. Congratulations to Cimantha Gray, Cyzer Scmid, and Piper Watry for reaching this goal. We also have our first Mega-Masters of Addition. Congratulations to Marshall Schmidt, Braylee Wolff, and Logan Zajda on achieving this higher level of proficiency.

Reading Incentives We're getting near the mid-point of the month. Has your child read for at least 105 minutes (halfway to the goal)?

Spelling There will be a new list next week.

FALL CONFERENCES I really appreciate all the parents who made a point to attend his/her child's fall conference. As much as I wanted to share your child's testing results and progress to date, I really valued getting to know your child better through you.
