Which ACP activities are delivered to **all students** and is every child involved every year? Are the activities appropriately aligned with the Know, Explore, Plan, Go model? Are they in the proper sequence and do they appropriately scaffold learning? Are there gaps in the delivery of content and instruction? Are there duplications in the delivery of content and instruction? How can the activity or event be incorporated into the student's ILP or portfolio? Can the event/activity/lesson be assessed to determine student progress in acquiring ACP knowledge and skills? Are parents meaningfully involved in reviewing students ACP progress each year? Is there a need for more involvement from postsecondary institutions, business and community organizations?

**List your team's recommendations for filling gaps in ACP learning experiences that students should be engaged in.**

Goals for this year: <ul style="list-style-type: none"> <li>• ACP parent involvement</li> <li>• High School ACP Course</li> </ul> Next Year: <ul style="list-style-type: none"> <li>• Campus Visits and Reflections</li> <li>• Mock Interviews and Reflections</li> </ul>
