

# Community & Staff Conversations Update

FEBRUARY 2024

Thank you to the many staff, parents, and community members who attended our second series of **Community & Staff Conversations on Facility Needs!**

There were six sessions in February and over 180 people attended. The district and its facility planning partners used the feedback we received from the November 2023 Community & Staff Conversations to develop potential solutions that address priority facility needs. During the sessions, the potential solutions, estimated costs, and potential tax impacts were shared with district stakeholders to help us further refine the top priorities.

Among the potential solutions that were presented during the February sessions, attendees expressed interest in exploring a plan that may include, but is not limited to:

- Addressing **district-wide capital maintenance**
- Addressing **safety and security** at all schools
- **Moving 6<sup>th</sup> grade** to the High School/Middle School
- Adding a **Middle School gym**
- Adding a **cafeteria** to Westfield Elementary School

We have heard many ideas, reviewed all the feedback, and are working to develop a proposed plan to address our **highest-priority facility needs**. Before we can finalize the proposed plan, **we need to hear from you**.

The district and School Board are working with an independent education research firm, School Perceptions, to develop a district-wide facility planning survey. Surveys will be mailed to all district residents in April.

Use your mobile device camera to scan the QR code to visit our website.

## WHAT'S NEXT?

### COMMUNITY & STAFF SURVEY

**Watch your mailbox for the survey coming in April!**

**Fill out a paper copy:**  
Surveys will be mailed to all district residents.

**Go online:**  
Details on how to take the survey online will be included in the paper survey you will receive in the mail.

More information about the upcoming survey will be coming soon.

## QUESTIONS?

### Michelle Johnson

District Administrator
